The Brera Gallery: The Official Guide (Heritage Guides)

Synopsis

The first official guide to Italy's first public museum, the Milan home of famous paintings by Bellini, Mantegna, Piero della Francesca, Raphael, Tintoretto, and Veronese. For the first time ever, this book combines detailed information about each artwork and hundreds of color reproductions with a guide, leading the reader room by room and wall by wall through the glorious riches of the Brera's permanent collection. To help with even the quickest visit, the guide notes the most important paintings in the collection. The account describes each work of art, including its symbolism and cultural references, and critical commentary about it. Also featured is an introduction by museum director Luisa Arrigoni about the history of the Pinacoteca di Brera (Italy's first museum for the people), a glossary, and a bibliography. 450 full-color illustrations

Book Information

Series: Heritage Guides

Paperback: 336 pages

Publisher: Touring Club of Italy (February 2000)

Language: English

ISBN-10: 8836514065

ISBN-13: 978-8836514069

Product Dimensions: 9.1 x 6.4 x 0.8 inches

Shipping Weight: 1.9 pounds

Average Customer Review: 4.0 out of 5 stars 3 customer reviews

Customer Reviews

One of my favourite museum visits ever - a captivating look at some of the breathtaking artwork I've ever seen. I just had to get the guide!

Bella! Nice book. Good condition. Great for researching our visit to Milan,

More than just a keepsake, this volume is a detailed room-by-room guide to the key paintings in this most important Milanese picture collection which includes works by Mantegna, among them a foreshortened Christ, Piero della Francesca and Raphael. The full color reproductions of each work

like the font size used for the extensive accompanying text entries are relatively small on the one hand allowing much of the collection to be represented and on the other requiring reading glasses for those who use them while the weight of the coated paper stock is sufficient to give one pause if considering carrying the volume around Milan all day. Nonetheless, the writing features many useful details about the works, including placing individual paintings within an artist's oeuvre and discussing issues of provenance. The book includes an artist index, but refers those looking for a full bibliography to the Italian original.
