Synopsis

Learn Exactly How To Make Money On Airbnb and Easily Earn Up to \$10,000 A Month In The Comfort of Your Own Home! Airbnb is an online marketplace website that allows its users to list, find and rent homes from other Airbnb users. You can list regular apartments and homes. You can also become creative with what you list. For example, one of the accommodations listed on Airbnb in NYC in 2016 was a taxi minivan parked on one of the streets of Long Island City. You can set your availability calendar and charge what you want for your accommodation. Obviously, you are not going to be the only Airbnb host, and you will have competition, so your pricing needs to be reasonable. However, it is a marketplace and just like in every other marketplace there are different price points and different kinds of renters and hosts. The idea of renting space is not new. However, Airbnb and similar platforms bring a new level of convenience, speed, and transparency to it. Why do most people rent their homes on Airbnb? According to a study Airbnb conducted in San Francisco, the average Airbnb guest visits the city for 5.5 days and spends \$1,045. 56% of the hosts said that they use Airbnb to cover mortgage or rent costs while 42% of hosts use the platform to pay for everyday living expenses. Here Is The Overview Of The Lessons You Will Learn A brief overview of requirements and things to consider when becoming an Airbnb host. Preparing your property for guests and Airbnb. How To Create An Airbnb Listing That Stands Out. Communicating with your future guests. Managing guest experience. Getting great feedback from your guests. And Much More.. Don't wait around and let this opportunity disappear! Do something about it. Most people fail is because of the lack of information and action. Don't let this be you. Customer Reviews

We are all looking for ways to earn income these days or even extra income and becoming an airbnb host is a very good way of achieving that. But you can't just go into it blind, you have to know what you want to achieve what people are looking for and how to best market your accommodation. This brilliant book is fantastic at providing a really well thought out, straightforward strategy on how to do just that. It is well set out, extremely well researched and gives you an informed and thorough guide on how to succeed at this. Very clever.

Very informative. Real estate is such a vast area to get into and if you are inexperienced or want to get your feet wet in that area or just need some extra cash, Airbnb might be the right option. This book goes over things to be aware of before listing your property or space, preparations that may need to be made that you might not think of and strategies to help you keep your calendar full as well as how to sign up and get going.

It's a worth reading book. I never knew that I can make money using my own space. It's a great guide book on how effectively do successful business on Airbnb. This book will provide you some easy steps to follow. If you follow the steps you can't believe that you can make \$10000 by just staying at home. I think Airbnb is a great place to start if you want to make money passively without having to do a lot.

This book offers a good introduction to what Airbnb is all about. What I like about this book was what it covers to get your Airbnb up and running; from starting up to managing customers reviews. I particularly like the information on preparing your Airbnb. It covers a good deal of what to do; from bedroom to bathroom. This book will be helpful for those venturing into Airbnb.

I am currently planning on starting an Air bnb. This book helped a good bit. Had some good things that help you prepare that I would not have otherwise thought of, for example... White sheets. I know, silly but they can be bleached or oxy cleaned after a fun night or just someone who may go to bed dirty. But yeah! Lots of other valuable information. Definitely worth it!

For the price there was not a lot of substantial information. At the very end of this very short book there was a lot of promotional material for the authors other book which had little relevance to the topic at hand.

Stack two quarters on top of each other and that's how thick this book is. Save your money.

Poorly written, virtually no useful content, filled with typos. One or two stays at an airbnb will tell you more than this book. I don't know why there are positive reviews, they must be friends of the author.
