I am the type of person that was always sick of eating out because of how pricy it was, but I never really found an alternative to that, that is until this cookbook. I used it, and now I'm cooking this like no other. It's so fast, and it costs less than half of the price of what I would be getting if I went out, and often, it's something that I do take for granted. This is a great cookbook, allowing me to have good, nutritious foods fast, and without too many problems as well. I highly recommend it.
