Riding Motorcycles And Buying Bras - A Travel Guide To Leaving Lesbianism

Synopsis

This is a book meant to offer hope to those looking for hope. It will offend some. I wish that was not the case. I do not desire to offend anyone. This book is for those who wonder if there is another way or if homosexuality is really all there is for some of us. I believe there is another way but it requires Jesus. I offer no quick fixes but rather a travel guide to women wanting to leave lesbianism. I hope it makes you laugh, cry and gives you hope.

This is a book meant to offer hope to those looking for hope. It will offend some. I wish that was not the case. I do not desire to offend anyone. Andrea writes her beautifully raw journey from brokenness and self-sufficiency to wholeness and surrender. I closed the book marvelling at the power of God and His love, patience, and acceptance of his children - not to leave us as we are, but to make our talents, personalities, and desires useful for his glory. Though I have not struggled with lesbianism, I found myself relating in so many ways and being convicted and encouraged to see God work in my own life. I have been recommending this book to all of my family and friends. It is not just a book for those struggling with homosexuality; it is a book for those who want to better understand and see the power of God to make beauty from ashes. My hope is that Andrea's next project will be musical! If I could listen to anyone sing, my choice would be Andrea. Could you all get on that ASAP?

Is God with us as we endure hardship and struggle? He is not only with us, He loves us so

intimately and completely. Andrea's story shows God's endless pursuit of each of our hearts. She shares who she is, the raw and vulnerable parts of her life and how God weaves all of it together into a story of freedom. She opens herself up to come alongside the reader, as a dear friend, to communicate you are not alone. Her sense of humor, honesty and compassion is so beautiful to experience as you read. Her story is full of hope. A hope that by the end you know God is freely, without reservation, giving to you as well.

I thoroughly enjoyed this book as well as Andrea's insight and transparency. This book is not just for lesbians - I am a mother of 8 & Andrea showed me how deeply our relationships affect us and how much of an affect we have on others. Her baseball analogy was perfect! We need to be there for & come alongside the people placed in our walkways of life, and I can already see how short I've fallen in recognizing the path & insecurities of those surrounding me. What could be more important than our relationships? Andrea Replogle is truly a person to be admired and respected for her wisdom and honesty. TWO thumbs up!!!!

This book is well written and the story creatively told. LGBT is not the main topic. It is the long heart felt journey of a woman who shares about herself honestly through the hard places of identity issues. It is helpful for anyone to read....anyone who wants to grow and be encouraged in the process. Anyone who has homosexual tendencies will identify with Andrea's difficulties as well as the joys.

I bought this from the author and have been greatly impressed. Andrea is courageously honest, tender & humble.
