Planning A Wedding On A Small Budget: Top Money Saving Tips

Synopsis

Based on the idea that weddings have gotten more expensive than many couples can afford, Wedding for \$1000 was started as a money-saving resource for couples planning a wedding on a budget. Want a fast run down of a few ways to save money on your wedding? We've got them covered here! From how to set up your wedding priorities to how to reframe your idea of wedding spending, these tips will have you saving hundreds to thousands of dollars on your wedding. This book is just the tip of an extremely large iceberg, with many more ideas, DIY projects and budget wedding suggestions found on Wedding for \$1000. Check out more on www.weddingfor1000.com.

Customer Reviews

What a fun little book! Packed with ideas that I'd never considered and links to explore, it's a great place to start planning a wedding. It's also guy-friendly- -make this the first one that you ask him to read. The author understands that a team marriage starts with team wedding planning.

This book was perfect for me as I am starting my wedding planning. It was a quick read about saving money on weddings. It perfect if you are trying to make your small budget work for the

perfect wedding. I loved it!

Never received this item so I can't read it

The author was kind enough to provide me with a copy of the book. I read through it. I think it's an excellent guide for those that want to have a wedding but don't want to end up with having to take out a loan. Or end up making payments for the next ten years just to cover the costs of proclaiming to the world they love each other and are getting married. Fantastic guide both for how to accomplish this. Also a good guide without meaning to be about how even at the earliest stages of marriage communication being key. Doubles as a good marriage aide for dealing with daily problems as well as wedding planning issues if you read between the lines here.

Finally a fun, fresh perspective on wedding planning. If you're planning a wedding, this book is for you! Maigen Thomas offers honest advice as a bride who has thrown her dream wedding on a budget. Though the title suggests it's great for small budget couples, this book is also for couples who need to know where to start when they get engaged, the couple who wants to save money and not sacrifice style, and for the couple who sincerely just needs some real wedding planning advice without the fluff. This book covers every aspect of a wedding and helps you consider how to go about creating a budget that fits your particular wedding style. A must read for any couple about to tie the knot!

Because I am a wedding photographer, I was given this book for free to read and review. I thought it was a quick, fun read that ties in with the point of the Wedding for \$1000 website: "A wedding doesn't have to be expensive to be right for YOU", which I totally agree with. I work with couples that have a wide range of budgets, and I enjoy getting to know them all. I would happily recommend this book to couples with small budget and large, because I think everyone will get something different out of this book.

It's been stressful to get started on the wedding planning process, so I've kind of put it off for a while. But this was a cute read. My friend sent it to me, she got it from the writer for free, and I'm glad I read it.

great ideas for wedding planning on a budget.. lots of help just expected more information on

locations there wasn't any.
