Customer Reviews

Comprehensive and authoritative, yet easy to review and refer to. This book allows me to prepare presentations and speak with confidence about literary terms. I know I will use it as a helpful guide again and again.

Great book for school.

I'm extremely happy with my service - great product and quick shipping

The second edition of Essential Literary Terms by Sharon Hamilton is structured to meet the needs of students and teachers of literature. It also belongs in the library of everyone who loves language. While the book's content is encyclopedic in range, the clarity and grace of Hamilton's own writing makes it a joy to read. Her nuanced and rich instructive examples remind us of why we read, why we write, even as they show us how to fully harness the power of both activities. Hamilton is clearly an expert, her skills honed by years spent teaching the material and by attention to feedback from students and fellow teachers. Highly recommended.
