Customer Reviews

Text: English, Spanish

A fascinating photo essay on the Old City of San Juan, Puerto Rico, this coffee-table view book makes a wonderful addition to anyone's library. The authors and photographers did a wonderful job capturing the essence of the Old City's Spanish-influenced architecture, which were all inspired by the Santa Cruz District of Seville, Spain (Seville was the capital of trade between Spain and her colonies due to it's location). The cobblestone streets, religious buildings, and fascinating faces that bring this treasure to life are all here. Truly it gave me memories of my beloved homeland and a longing in my heart to return soon. Whether you buy it for yourself or as a gift, the book's great price and format (it's a paperback) are great reasons to purchase it. Once you buy it, I'm sure you will be longing plan a trip to the island and walk through time.

This is a great book with excellent color photography!!! Nice variety of photos, focusing on architecture, people and natural scenery. Good historical background given.
