# The Fractured Empire: Book Seven Of The Disinherited Prince Series

## **Synopsis**

Pol Cissert Pastelle returns home after four years abroad to find The Baccusol Empire breaking apart with civil war erupting on multiple fronts. He reunites with Shira, the Shinkyian Princess, and gets to work trying to save his stepfather's Empire. He finds more insidious spells invoked by the enemy, a society of magicians that has dedicated itself to domination. Pol has his own challenges as he navigates his way through drastic situations, not the least of which is a series of confrontations with old and new enemies. FANTASY - EPIC / SWORD & SORCERY / YOUNG ADULT

## **Customer Reviews**

The last of the series is not the best. There are so many complications that the overall picture is lost. Most importantly, the nemesis is not explained but appears and disappears miraculously.

This book wraps up the series. About 99 percent of the questions are answered. I will definitely be looking out for books by this author.

I have read all of the books in this series and I have enjoyed every one of them. Highly recommend this to anyone into fantasy.

The conclusion of this series gives the reader a lot to ponder, it is well written and the characters have all grown throughout the series. Some parts seemed a little too detailed, but in the end all was needed.

Obviously the wrap up book for the series. Lots of warfare. Lots of magicians. Does the girl gets the boy in the end? You'll have to read it to find out.

First things first. I thought the series was great. I think the author is good. I think the first half of this book was ok and the second half of this book was poor. The begining was slow moving and not a lot of conflict. The end was wrapped up in what seemed like 25-50 pages. You cant wrap a 7 book series from the onset of the final battle to the end in 25-50 pages! The whole book didnt include a lot of net new material. If i were to give feedback to the author, make the bad guys badder (or at least let us know who they are), make the plot more impossible, and stop spending most of the book describing an ever changing political climate (like the first 6 books).In my oppinion, book 6 was the best followed by book 1. Both of these are honest 5 stars.

I really enjoyed the series so far and the 3 stars reflect my opinion of this final book which was a bit dissapointing for me. I feel that the final battles were quite anticlimactic and way too short. I would have preferred to have seen more depth to the evil ones. For me it seems that this ending could have been a lot better, considering the way the author wrote the other books in the series. It feels as if the author just wanted to be done with it.

Great finish to the series, battle wise. Tied everything up nicely, but it was a bit sad about the long awaited wedding... Just "brushed" over that event...
