Gourmet Vitamix Blender Soup Recipes: Get The Most Out Of Your Vitamix Blender With These Amazing, Delicious, Quick And Easy Recipes

Synopsis

This recipe book is specifically designed for any Vitamix (or Ninja) blender model and includes delicious classic soup recipes like broccoli and cheddar soup, tomato soup gazpacho, and more. There are also both hot and cold soup recipes included, and most of the cold soup recipes are made with delicious fresh fruit and are a great alternative to the standard smoothie that you might make with your Vitamix. Complete with nutritional information, these recipes are designed to be easy to make and healthy; most of them are around 100 to 200 calories per serving and made with delicious whole foods and natural ingredients. The Vitamix is a powerful blender that can actually heat up liquids, and it is designed to be used to make soup safely with a built-in steam escape and blades that can heat the soup up. If you haven't used your Vitamix to make soup, this recipe book is the perfect place to start, and you will be amazed at how easy it really is to make these simple but very appetizing soups in your blender.

Excited to find a delicious soup to make in my new Vitamix, I eagerly scanned the table of contents. Ah! Tomato & Swiss Soup, page 54! I flipped to that page and found a recipe not only incorrectly titled (it should be Tomato & Swiss Chard Soup- also tasty sounding but certainly different than Tonato & Swiss) there were NO TOMATOES listed in the recipe. A proofreader would have gone a long way here. Now I have little interest in the other recipes and will likely pitch this waste of money in the Good Will bin.

A waste of money if you are looking for soups to make in the Vitamix. This is simply a book of 31

recipes that are prepared by cooking ingredients in other pans/pots/baking and then using the Vitamix as a pureeing device (for hot soups) or just as a pureeing device for cold soups. Just my opinion..

Very pleased. Thank you.

These recipients are not really for a Vitamix, first. They are "cook on the stove and put in blender to pur  e." Well, that's not why I bought a Vitamix. There not many recipes for the money, either, just go to all recipes, you know what I'm talking about, for free. I'm glad I only got the kindle version, which, btw, has no photos. Hoping to return.

Great product! Work very nicely. I would purchase from this buyer again.

Haven't tried many recipes but the ones I have tried is good

GREAT KINDLE READ!!!

Not what I expected
