Customer Reviews

Gave as a gift. She is studying it daily. She speaks highly of it

ordered two booklets from here for my grandparents, they found them very useful!

good

Great! just what i needed thank you.

Good book. Very helpful for the exam.

Easy to understand

I, as well as my students, find the book very helpful. It is concise and to the point without a confusing amount of text. That does not mean that we do not have to talk about the background of the questions and answers. But in order to study for the test it provides exactly the amount of information needed.

It's ok
