Talon Of God

Synopsis

The acclaimed actor makes his fiction debut with this enthralling urban fantasy in which a holy warrior must convince a doctor with no faith to help stop a powerful demon and his minions from succeeding in creating hell on earth - a thrilling adventure of science and faith, good and evil, damnation and salvation. Imagine that everyone you have ever known or loved was forced against their will into a state of demonic possession and spiritual slavery. Imagine an unholy cabal of the world's richest and most powerful men directing this sinister plan in order to cement their unbridled control of the planet. Imagine two heroes emerging from that darkness to do battle with the forces of evil. Set in the mean streets of Chicago, *Talon of God* is the action-packed adventure centered around Lauryn Jefferson, a beautiful young doctor who is dragged into a seemingly impossible battle against the invisible forces of Satan's army and their human agents that are bent on enslaving humanity in a mission to establish the kingdom of hell on Earth. But Lauryn is a skeptic, and it's only as she sees a diabolical drug sweep her city and begins to train in the ways of a spirit warrior with the legendary man of God Talon Hunter that she discovers her true nature and inner strength. Facing dangerous trials and tests, it's a true baptism by fire. And if they fail, millions could die. And rivers of blood would flow throughout the land. Imagine such horror. Such pain. And imagine what it would take to fight against it. For only the strongest and most faithful will survive. Get ready. Armageddon approaches quickly.

Best Sellers Rank: #10 in Books > Literature & Fiction > Genre Fiction > Religious & Inspirational > Science Fiction & Fantasy #21 in Books > Audible Audiobooks > Fiction & Literature > Religious Fiction #21 in Books > Audible Audiobooks > Fiction & Literature > Short Stories

Customer Reviews

Wesley Snipes can take a simple biblical concept and arrange a powerful story around it. What an unexpected and brilliant read.

I just got this book and started reading it and I am hooked already!!!! The book just came out this morning and I don't know how the two reviewer before me have already finished reading it and put up a review??? I don't believe that person even read the book. This book reads so well from the beginning and I can't wait till I finish it! I didn't know Wesley Snipes had such talent to write a book like this but I guess his film experience would've given him plenty to write about. The portal of scenes are really cinematic and realistic. I can totally relate to the female lead character Lauryn from the gako and I am sure there are many out there who can relate to her like I do. I am really looking forward to the romance, adventure and spiritual all mashed up in this book! Anyway, I will read this on and will get back with more review! So-far, I highly recommend this book!

Fantastic read! I was initially quite skeptic as it was written by a movie star...and this was his first fiction writing at that. On top of it, it was written by two different authors...it felt like having two captains on a single boat. However, I was intrigued at the same time for the same reasons above so I had to find out about it myself and I'm absolutely glad I did it. All my concerns quickly diminished. I first went through *Talon of God* via Audible audiobook which was exceptionally well narrated. As it's almost twelve hours long, I was planning on taking a couple of hours a day on this title. However, it was near impossible to do so as there was always another suspense around each corner. Perhaps I'm biased of the fact the Wesley Snipes is a movie star but that surely helped me visualize the reading and my mind was creating mega blockbuster movie scenes as the passionate narrations went on. I just purchased the Kindle version of it so I can actually read it as it was originally intended by the authors. If I wasn't told there were two authors for this title, I wouldn't have known it. Story flows flawlessly and quickly just like Wesley's martial arts skills.

I'm a huge fan of Wesley Snipes action movies, and that's what this book reminded me of more than anything else. It's a hearty urban fantasy thriller with an interesting premise that I really, really, wish had been explored more. Seriously, the premise is stellar! I just wish it hadn't been revealed to the story at the end. The book took a sharp religious turn that I wasn't expecting, and while I certainly appreciate the message, at times it became too preachy for me. That said, I liked most of the characters. Lauryn is complex and internally warring with herself, and Talon is a certifiable badass. I

was kind of craving more action, but for the most part I enjoyed the chemistry between those two and would have loved to see more, in addition to extra world building. There were a lot of open plot threads, especially at the end, leading me to think there will be another book on the way. I'd like to hope so, since there is so much more I want to read and experience. So while this wasn't exactly what I expected it to be, I had a good time with it and if you like Wesley Snipes movies and don't mind a lot of talk about faith, TALON OF GOD is worth checking out!

Let me say first that this might have been the first piece of explicitly Christian fiction that I have ever voluntarily read cover to cover in my life. And now let me say that I thoroughly enjoyed it. Like other reviewers have mentioned, Talon of God is written in an explicitly cinematic manner. It's as though you could tell the authors were envisioning the movie as they were putting the story together. Snipes and Norman are a very good team. For this to be their first novel, they certainly struck lightning. Those complaining about the dialogue must not have grown up in the church. If you have, everything in here sounds exactly like what you've grown used to hearing, which is part of why this book is just so comforting to read. Whether you are strong in any faith or not, a Christian or not (and I'm not at all sure how I would define myself), what I can say is that this is an incredibly well-written story. Dr. Jefferson, the main character, evolves over the course of the book, as good protagonists are wont to do. While messages of faith abound, the primary commitment here is towards advancing a narrative and telling a good story. And that is what the authors do well. The descriptions are exciting and the plot moves at a good speed. It's been a while since I was motivated to finish a book this quickly. I certainly hope this gets made into a movie.

Completely engaging, like Snipes' movies--compelling characters, gripping action sequences, fun dialogue. Apparently Wesley Snipes is now a quadruple threat: he can act, sing, dance, and now, write! As a talent manager I have always pushed my artists to step out of their comfort zones and push themselves into other arenas as Mr. Snipes has done here. Bravo!

Great read very well written love the setting and story. I thought I would just think this was ok, It was better than expected.

Easy fun read, I read it in a day..The dialogue was a bit off, but the ideas were unique, and I love Mr. Snipes, so had to read.
