Founded in 1947, Hal Leonard Corporation has become the worlds largest print music publisher, representing some of the greatest songwriters and artists of all time. We are proud to publish titles of interest to all musicians as well as music lovers, from songbooks and instructional titles to artist biographies and instrument price guides to books about the music industry and all the performing arts.

This was a brand new book! Excellent material inside! I had a plastic ring binding placed on it so the pages would work better for my benefit.

nice

I bought this and The Nursery Rhyme Book at the same time. I prefer the NRB because, as a beginner piano player, the arrangements and the keys are a little easier. Hal likes to put everything in the hardest possible key, no G's C's or F's with him.

I bought this book back in March 2012 for my daughter's singing class. Last week, her teacher told me that she just found out that there are missing pages in this book, a total of 14 pages. The song list in the book says 318 but the actual list runs till 304 -- 10 songs are missing from the book!

My 6 year old daughter began showing an interest in the piano after my mom started lessons. My mom received an Easy Piano book with class that was very helpful to learn the notes of various classic songs. I thought this "Easy Piano" book for children's songs would be great for my daughter but when I received it, it didn't have any of the note keys listed like the adult version....pretty disappointing. I wound up getting some other books and had to pencil in the notes. I wouldn't recommend this if you need a beginners book and want the note labeled for easy learning.

This is a really complete book. It has all of the songs I remember, and many that I do not know. The piano is easy enough for me to play (even though I have not taken lessons since I was a kid, and I was never that good) when I get by a keyboard, and easy to sing to my toddler. Eventually, I expect to teach some basic music skills with this book.
