"It also distills how the writer Scott Snyder has reinvented Batman in the past two years, deepening and humanizing the Dark Knight's myth -- in the making since 1939 -- like no one since Frank Miller in the 1980s."--The New York Times"Greg Capullo's masterful art continues to bring Snyder's words to life."--Craveonline"One of the best Batman runs in the history of the character."--IGN"With this volume, anticipation for DC's The New 52 reboot of their superhero universe, should be firmly replaced with a deep and abiding appreciation for what Snyder, Capullo, and Glapion have done with Gotham's caped crusader... This is a clever and sophisticated Batman--with a dark, edgy, and

thought-provoking narrative ably abetted by Capullo's pulpish, detailed art. Readers will find it hard to put down." --Publisher's Weekly

Scott Snyder is a #1 New York Times best-selling writer and one of the most critically acclaimed scribes in all of comics. His works include BATMAN, BATMAN: ETERNAL, SUPERMAN UNCHAINED, AMERICAN VAMPIRE and SWAMP THING. He has also been published in Zoetrope, Tin House, One-Story, Epoch, Small Spiral Notebook, and other journals, and has a short story collection, Voodoo Heart, which was published by Dial Press. He teaches at Columbia University and Sarah Lawrence University and lives in New York with his wife, Jeanie, and his son, Jack Presley.

I absolutely loved this set. Some of the best modern Batman arcs were collected together in this fairly-priced box, and I'm very glad to know the second set is on the way. It loses one star however, since I have a big problem with the artistic style of the New 52. Nothing against Greg Capullo or his work on this run, but I feel the stories could have been heightened if the restrictions that DC put on its New 52 were not there. Trying to make Batman look like the other DC titles is a huge misstep, one that they are even still doing with Rebirth. It's a fantastic read, but it really makes me miss the 70s to 90s style Batman.

First, I'll say this: If I could give the books themselves 10 stars, I would! Scott Snyder has written nearly 5 years of Batman books that will be remembered by comic fans for decades to come. Amazing stuff! And Greg Capullo's art is equally as great. Also, please remember that this is a Scott and Greg boxset, so you aren't going to find the additional Death of the Family material, only the stories from the core Batman series. The others (many of which are very solid) can be found in this collection:

The packaging itself is somewhat disappointing. Not the artwork, but the quality. I've only had it for a few days, but the paper that is covering the cardboard is starting to become unglued on the bottom. I can easily fix, but there must have been a better way to do this. I'll re-glue and see how that and the rest of it hold up over time. Also, DC, if you are reading this, PLEASE announce/release the second box set asap. Can't wait for my kids to read Zero Year, possibly my favorite arc during Scott's run.

It arrived and it's a good quality.

Great set! Quality of the paper is great. Comes in a nice case and the artwork is outstanding. Highly recommend for any Bat-fan

Snyder is the best thing to happen to Batman in a long time and this set is a steal!

The art is incredible and the story is amazing. I can't wait to read the rest of the new 52 Batman series.

Excellent collection.

Love it
