2017 Standard Catalog Of World Coins, 2001-Date

Synopsis

Opportunity Abounds! Experience and explore the opportunities found in today's modern collectible coin market with the 2017 Standard Catalog of World Coins, 2001-Date, 11th Edition. Utilizing 150 international experts, World Mints, and Central Banks, this impressive reference provides an exhaustive catalog to spectacular new-issue coinage of the Twenty-First Century. While values are stable or have even advanced for most low mintage modern commemoratives, many high mintage commemoratives continue to be available at attractive prices. Opportunities to grow your own collection abound, even on a limited budget. Pricing experts are finding many formerly scarce and high-demand coins bringing values far more agreeable than in the past. Extensive yet easily managed, the catalog offers: Current values for coins organized by country and listed by denomination and issue date Globally accepted KM reference numbers Detailed description, weights and measures Expanded MS65 values More values for PF63 and PF65 than ever before 48 additional pages of information There has never been a better time to begin, or to expand, your collection of modern coinage. Do so today with the 2017 Standard Catalog of World Coins, 2001-Date, 11th Edition.

Language: English

ISBN-10: 1440246556

ISBN-13: 978-1440246555

Product Dimensions: 2.8 x 8.5 x 10.8 inches

Shipping Weight: 5.8 pounds (View shipping rates and policies)

Average Customer Review: 3.9 out of 5 stars 15 customer reviews

Best Sellers Rank: #832,977 in Books (See Top 100 in Books) #29 in Books > Crafts, Hobbies & Home > Antiques & Collectibles > Coins & Medals > World Coins #182569 in Books > Textbooks

Customer Reviews

Market Analyst Thomas Michael has served as director of world coin values for all of Krause Publications' world coin catalogs for the past 30 years. Equipped with a Bachelor of Arts degree in history and Master of Arts degree in economics, Michael, who has a lifelong passion for numismatics, has played a critical role in the creation of more than 100 industry-leading references.

What do you really expect from a coin catalog issued yearly? It should be up to date. Is it difficult to obtain up to date information on coins these days? Sometimes it is but most mints/banks are more than happy to provide you with all the necessary data most of which is readily available on the Internet anyway. Apparently, the editors of the latest edition of SCofWC have not discovered the Internet yet because the 2017 edition fails miserably. France? Up to 2014. India? 2012.

Luxembourg? Early 2014. Mexico? 2014. Poland? Circulating issues - 2012, commemoratives - 2014. Who cares, anyway. Polish Mint (listed in the acknowledgments) did not bother to provide data? Did you ask? Russia? 2014. Singapore? 2013. Tunisia? 2011 (well, there is one coin from 2013). Ukraine? 2013. United States? 2016 but if you are interested in US coins you have better and more specific catalogs anyway. On average this catalog qualifies as 2014 edition but it is a complete failure when posing as 2017 edition. If you have 2015 or 2016 issue just don't buy this one. It is clearly a rip off.

Alot of the New Issue Coins are NOT listed in the new 2017 Book. Coins that have been issued in the 2013 2014 2015 are still not listed in this 2017 Book??? It's very hard to use the book to list coins that you have in your collection that were minted in say 2013-2015 and they are not listed. I THOUGHT I WAS BUYING A UP TO DATE BOOK THAT WOULD AT LEAST LIST COINS MINTED IN THE 2013-2015 YEARS???? As an example... Kazakhstan the 50-Tenge series stop with the 2014 issues, wouldn't you think a 2017 book would list at least have 2015-2016 issues, also under the 50-Tenge coins it list 2011 dated coins then skips to 2014??? I have coins dated 2012, 2013 What happened???? For a Book not up to date I don't know why they would charge Full Price> Alot of countries stop with 2012 dated coins example South Korea.

Thorough and comprehensive for the last decade and 7 years. It is a great reference without having to "dig around" the internet.

Nice CD to help with world coins. I like the CD rather than the book, with the CD you can look through the entire CD on a search.

I use my books every day when buying coins to insure that I am getting a quality coin at a fair price. This is a great resource for anyone to have and use, whether selling, purchasing or saving coins!

was very pleased with product

Everything as it should be, No problems.
