Revelations can be a scary book to contemplate. But John MacArthur makes studying Revelations very reasonable and sensible, like the mind of God who wrote Revelations. I recommend this study guide for anyone interested in the "end times."

My church group used this book for a bible study and it was GREAT. The questions led to some very good conversations and debates about what the end times will be like. Highly recommend!

This is what I wanted to study the revelation I will enjoy this book

great Bible study aid

Well done.

I am participating in a Bible study class on Revelation and wanted more information about Revelation than is in the footnotes of my Bible. This book does not provide any more than what I already had. The only difference is this book has lines to write your thoughts and interpretations.

If you want to get a study guide and learn all that you can about the End of Time, then this is one study guide you should buy. It is exceptionally well written and it helps you understand the book of Revelation so much better.

Written for the layman.
