K-Gr 2 "Is Magnolia a rebel or natural leader? Readers will need to decide when this young avant-garde student brings an alligator to school for show and tell. In second person narration, readers are warned against bringing an alligator to school, as the text and illustrations use Magnolia and her mischievous alligator as examples of the havoc that such a creature can bring to a classroom setting. After the alligator chews gum in class, tries to eat a student, and shows funny pictures during the teacher's lesson, he is finally introduced during show and tell. When Magnolia reveals a surprising fact about alligators (they are only afraid of other alligators and humans!), the

troublesome creature makes a run for it. Magnolia, could be the sister of David, from David Shannon's picture book series, with her large round head, wide mouth, and wiry hair. Magnolia is as busy as the alligator and just as prone to tomfoolery. The endpapers continue the goofy fun.

VERDICT This is an engaging debut picture book written in free verse will appeal to a wide age range. Here's hoping for more adventures with Magnolia!â "Gwen Collier, Buffalo and Erie County Public Library, NY

Praise for If You Ever Want to Bring an Alligator to School, Don't!: "Parsley's digitally created illustrations brim with energy and just-edgy-enough humor... and the well-chosen school-day details in both the artwork and text... deliver a steady stream of laughs."â •Publishers Weekly[It] revels in the rampage of the id-here in the form of a formidable and toothy crocodilian. Elise Parsley's jaunty second-person narration is matched by comically expressive...artwork that seems to shout from the page."â •Wall Street Journal
