Wipe Clean Workbook: Numbers 1-50 (Wipe Clean Learning Books)

Synopsis

Boost your child's confidence by helping them learn to recognize and write their first 50 numbers with this wipe-clean workbook. On each page there are number outlines to trace over, with an area for free-hand copying. Included with the book is a special pen, and the wipe-clean pages enable children to practice over and over to improve their pen control and writing skills until they have mastered number formation. With bright photographic images to engage and encourage, this early-learning workbook will support your child during their early school years.

Customer Reviews

Roger Priddy's passion for educating children through fun, informative and engaging books has led him to create some of publishing's most enduring and successful nonfiction early learning books. Roger lives in London and has three children, who have been the inspiration behind many of his best publishing ideas.

My niece LOVED these books...I purchased 4 different books. I loved the fact they were able to be wiped so she can start again. She's only 1 but she had a ball yelling out numbers, animals, shapes, fruit and colors. I messed one up a lil b/c i ran it under water instead of just wiping it with a damp

cloth so don't do that... it's still usable either way.

Grandkids love it and teaching them much using.

Ã Â Â^Â• love it!

Good

Great product. Exceeded my expectations.
