El Salvador - A War By Proxy

Synopsis

The Central American nation of El Salvador was consumed by a bloody civil war between 1980 and 1992. The principal players in the conflict were the right-wing government of El Salvador, a coalition of rebel groups operating under the umbrella of the Farabundo Marti National Liberation Front, and the Reagan administration in the United States. The U.S. supported the Salvadoran military at an estimated cost of \$6 billion dollars. During the course of the war, in a nation whose population numbered slightly more than five million, an estimated 75,000 people were killed; 18,000 disappeared, and one million people were left homeless. Investigating the background and history of the war Keith Preston provides not only an in-depth analysis of the conflict, but fills in many of the knowledge gaps that have existed surrounding the relationship between the US administration and the Salvadorian army. His research clearly demolishes the US argument that the FMLN were motivated by a commitment to hard-line Marxist-Leninist ideology, but rather by a newer kind of radicalism with its roots in the progressive wing of the Catholic Church of Latin America. Without the role of the Catholic Church, the Salvadoran resistance would never have developed in the form that it did, and perhaps it would not have developed to nearly as significant a level as it did at all.

Book Information

Paperback: 154 pages

Publisher: Black House Publishing Ltd (October 18, 2013)

Language: English

ISBN-10: 1908476311

ISBN-13: 978-1908476319

Product Dimensions: 5.5 x 0.3 x 8.5 inches

Shipping Weight: 7 ounces
