Mickey Flodin is the author of Signing Everyday Phrases, Signing for Kids, Signing is Fun, Signing Illustrated, and co-author, with Rod R. Butterworth, of The Perigee Visual Dictionary of Signing, The Pocket Dictionary of Signing, and Signing Made Easy.

Very informative. Easy to read and follow.

Great book if you want to teach sign language , using English grammar, if you are teaching a kid with speech delay, for every word in order you need use sign and word at the same time , this book

does the job, if you want learn ASL which is not really English, probably it is not for you ,I love it and I will order more books from this publisher.

GREAT BOOK

great product & great price

This is a great book. Makes learning easy. Highly recommend this book for anyone wanting/needing to learn ASL.

Used as a resource by our granddaughter who is teaching herself to sign. She uses it a lot to refer to.

I needed this for a class I'm taking, very informative but hard to decipher the picture signs telling ou what to do. Bottom Written instructions are not always clear. I would still buy again.

I would recommend this book to anyone who has interest in entering the world of sign language. I learn so much more from this book than I did in a 6 week course that I took. You learn everyday words and fillers so that your able to actually carry on a conversation. It's a great feeling. I hope that you enjoy the book as much as I do.
