Customer Reviews

AA Publishing is the UK's largest travel publisher, with an extensive range of inspiring travel guides, dependable driving books, and trusted maps and atlases.

Although I haven't actually driven in Slovenia yet, I think this is going to be fairly useful. I would have liked a slightly more detailed map, but I was able to organize our plans using this map (and comparing to online maps zoomed in). I have an expectation that our phones will not be connected for good portions of our trip. The map is a good size to carry with us on our future adventure and is somewhat rugged, but I do expect the map to begin to tear as we use it frequently.

Slovenia detail is a bit sparse

Good enough detail for driving on main and secondary roads. Not enough detail provided by regional maps you can get at gas stations while in Austria.

Covered exactly the geography I needed. Sufficient detail to be quite useful.

Ok

This map was perfect for planning my upcoming trip to Austria and Slovenia, and it will be my only map on the trip.

Printed on heavy stock. Not something you would want to read in the car, but useful for planning.

The overall presentation of facts and maps was very logical and very helpful. This a must have for people visiting Austria.
