Customer Reviews

It was too short, telling me stuff I already know. Few facts were useful, and the author is forgetting the most important things about battling. Plus you did not say anything about bosses

wate did indyins reab this or did combat peepl read this book cassse it,s a combat book and I seem to be very in to it.in instists me just by looking at it

Please dont tread on my cheeseburger he's my only friend in the whole wide world don't you dare try it

The Book was very short and some of the information was wrong. Also the same tips are mentioned in lots of other more detailed books..

More pics!!! and also more interesting full paragraphs and better described tips and more appeal. Could be much better! alot.
