## Customer Reviews

Late to the series I guess. Great stories but I'm pretty sure this one has the kindle download scrambled with My Ride Is A Bitch. I'd really like to read Sued For Peace to catch up but that's not what I got. Header looks good but the story has aliens I haven't met yet and no mention of story arcs that were developing in book ten.

First, Michael, I got nearly nothing done for 4 days reading these. Dude, WTF! Two of these days were all nighters. I'm just glad I discovered them during the summer (job is school based). How to describe a book series that grabs you and just, just, immerses you? I loved reading this series! I dove into a mental movie universe and tried very hard not to be irritated with the outside world needs. :) Single dad here, my boys were fed, but I admit I apologized to them once or twice for my mental absence. The author does a beautiful job of universe building. My love of series because I invest in the characters is fulfilled 10 fold. And the mixing of urban fantasy, military fiction and sci-fi is lovely and isn't the easiest thing but it's done so very well here. Boots on the ground military use the F\*Bomb as a given standard. The cussing is glorious! The action is awe inspiring. And the down moments between action are hilarious and character investing. I look forward to those slower family building moments because I feel a part of that family. Wonderful writing.

Ran across the Rise of Magic series and was intrigued, so decided to purchase all 16 books in the Kurtherian Gambit series. I then spent the next 4 days reading all 16 of them, then moving on to the Second Dark Ages and Trials and Tribulations series. This is a very entertaining and intriguing take on Vampires and Werewolves. I am eagerly awaiting book 17. And while there were warnings about the cussing in the book I found them to be hilarious. As far as military Scifi goes, I would easily rate this up there with some of the other major authors in the genre, such as John Ringo's Possleen War or Through the Looking Glass. Looking forward to enjoying the rest of this series, and the best part Michael Anderle seems to be a fairly prolific author so not a massive wait between books.

Not the right Book! Bought this and instead of Sued for Peace, the text was actually My Ride is a Bitch!

I am thoroughly amazed at Michael's storytelling abilities. The story keeps smoothly flowing and has

us (the readers) constantly demanding more, more, more, NOW. I want to thank the team that Michael has put together who helps him get the books out quickly and in good shape. I see myself finishing up book 23 about a year from now and looking for the next book.

At the end in Author's note he put all the really good scenes down again so I am going to write them here (pout,pout). LOL. Any was I think the song, "I need a Hero" would be wonderful when Bethanny Anne comes storming in on various scenes! I am so glad this author came along and decided to write (Thank goodness) and he has a wickedly twisted sense of humor!

The Queen's beeches (\*cough profanity filter cough\*) might have fans but I still think a BA would have a heck of a calendar too. ;)I enjoyed the latest installment of The Kurtherian Gambit series with one big exception... The Leopard Empress and her pard of fancy embroidery clothed minions. Mikey did his job as an author by getting me to feel something for the character. Too bad it's loathing!! get that there is a lot of stuff going on and so many characters to work with but it feels like the more we progress into the series the less we see of Bethany Anne and I kind of missed her in this book. There just wasn't enough of her and her personality to fill my cup. Tabitha is an ok character to fill the void as a mini BA but it's just not the same.PS - Hurry up and kill off Stephanie please. I totally want to see BA mop the floor with kitten Lee and those who escaped JUSTICE at her hands.

\*growl\*

I love that you keep this old warriors Hart pumping,Thank you for all eleven books.May I please make a suggestion if you have any paperback copies ,please donate them to any military units that you can.I was in Vietnam and I read so many book that were handled by many soldiers previous to me. They were a God send. Your books are just the thing to keep a lonely soldier's mind busy. Thank you for keeping mine busy. Can't wait for your next offering.Thanks again
