Nora Roberts is the number-one New York Times-bestselling author of more than 190 novels, including *The Search*, *Black Hills*, *Tribute*, *High Noon*, and many more. She is also the author of the bestselling futuristic suspense series written under the pen name J.D. Robb. Roberts has more than 400 million copies of her books in print.

This is another Nora Roberts trilogy that I read years ago that I just had to go back and reread. It might be just me but I don't feel like series like this one are written anymore, the characters and chemistry between them are so believable! Definite great read.

I tried reading one of these, but it's just not my cup of tea. This was a gift for someone who loves this author. The 4 stars are from her because she said she was immensely captivated, and that they are the perfect books to devour while sipping wine on a porch. I wish I could provide more information, but this friend said that if you're familiar with the author, then these will be loved, and if you're unfamiliar but are intrigued by the summaries, then they're definitely worth a try!

WOW!! Was blown away with this trilogy! Irish legacy is good for the soul! Very easy reading and a great story. I felt like I was in Ireland sitting at the table as part of the family. The first book I flew through, the second book was good but I didn't find myself staying up late just to see what happened next, the third book I devoured and wanted more when I was finished. Great author, great location, great characters!!

Being Irish myself, I am always looking for a storyline that includes the Irish countryside, Irish way of life, and family values. There is an added interest of the stables and horse farm.

The Thoroughbred horse is a powerful machine with a great heart, this is true and runs strong throughout the Trilogy. Just as the characters are strong in The Irish Trilogy. Have bred and raised thoroughbreds I know their power and their love of running. I find the Trilogy just a little repetitive but enjoyed the characters and story lines. Love the Irish way of thinking and the way Nora Roberts brings a little bit of Ireland into the Trilogy. Good fun read!

I've read sooo many of her books, and everyone is exceptional. She always has a good story line, characters, and always keeps me more than interested. She always is a great read.

Nora Roberts' lovers will enjoy this trilogy for its ease in reading and character development. No surprises here, just a good read.

Welcome to the supernatural world of three very connected sister witches. Great characters.
