# Thirty Classic Boat Designs: The Best Of The Good Boats

## Synopsis

Thirty Classic Boat Designs presents the best of the best, selected by Taylor from his earlier books, everyone an enduring classic within the reach of a small scale builder. For each he has written an introduction reporting what new owners, and in many cases new builders, have to say. So let fiberglass look-alikes continue their reign on showroom floors, these pages are ruled by a fleet of individualistic gems, from a 16-foot daysailer to a 61-foot schooner. They come from the drawing boards of, among others, N.G. and L.F. Herreshoff, Sam Crocker, Olin Stephens - names to conjure with. This is a great book for dreamers - unless, like others, you want to build a boat to one of these classic designs and put to sea.

## Customer Reviews

I have tried to get in touch with the writer four times with no luck. Can anybody out there please help me, I would dearly like to get my hands on the drawings for the beautiful 'Coggee Ketch' featured in this wonderful book. I understand not one of these 'Little Ships' have ever been built and would dearly love to change that. Regards Terry Vine.
