## Customer Reviews

Greg Jacobs teaches AP Physics at Woodberry Forest School in central Virginia.

Solid information, nicely presented and organized to help optimize you or your kids' success on taking the AP exam. I love the overviews, but especially how they break down what to cover in the

book by month, so one is not overwhelmed. You gain insight on content as well as test taking skills and some invaluable practice tests that are incredibly helpful. We've used other 5 Steps to a 5 and I feel my son has really benefited from them.
