3 Little Kids: Complaining And Whining

Synopsis

You will enjoy this interactive children's book for families with young children from pre-k to preteens. It is a very relevant title topic in an age where we find it challenging to keep our kids satisfied. We struggle to keep our kids grateful for what they have. 3 Little Kids - Complaining and Whining address the entitlement mindset in a fun and interactive way. It will give you an opportunity to discuss with your children how they can operate with a more joyful attitude. This book contains a realistic fiction story (more realistic than fiction), full coloring pages(so you can add your own colors), Activities through out the book(to engage the whole family), and helpful hints for parents(hopefully parents will get something out of the book too).The book is based on the scripture Philippians 2:14; "Do everything without grumbling or arguing". It takes you through my own parenting challenges of always keeping a joyful attitude and properly guiding my children when they have a whining attitude. I invite you to share your story and your struggles of parenting. I hope this book helps us to come up with creative ways to establish a more loving, grateful, and joyful environment in our household.The journey takes place when a family with 3 young children head out on the train for an adventure at the zoo. The fun gets interrupted when the kids keep getting side tracked with a complaining and whining attitude. Help the parents keep their cool and give the kids a great memory of their family time. Create some of your own silly stories along the way.I hope you have a blast on your adventures with 3 Little Kids - Complaining and Whining.
