Malta: 10 Great Walks

Synopsis

This comprehensive book is aimed at readers who like walking, not just as a form of exercise, but also because of the places and people of interest to be encountered along the way. While not widely known for its walking potential Malta provides a wide range of very enjoyable walks incorporating impressive historical, cultural, landscape and environmental features. Malta is quite compact so that on any one walk you can encounter a variety of interesting features. This book provides details of 10 great walks on Malta, together with a description of the noteworthy features that lie along each route. The duration of each walk is typically three to four hours and most can be shortened or extended to suit particular interests and circumstances. The starting and end points of each walk can be accessed by bus. The book includes a detailed map for each walk and also describes the context (historical, cultural, environmental) of the key points of interest. Three of the walks pass through urban coastal areas, while the others are through areas that are primarily coastal and rural. One walk does not pass by a church. The Authors Emmet Mc Mahon and Jonathan Henwood are both environmental scientists who share a love of Malta and Walking. Together they have written the following 4 books: Malta: 10 Great Walks Gozo: 10 Great Walks The Malta Coastal Walk The Gozo Coastal Walk For further information visit www.greatwalksmalta.com
