# The Innocents Abroad (1869) (The Oxford Mark Twain)

## **Synopsis**

In 1867, Mark Twain set out from New York City for Europe and the Holy Land on the paddle-steamer Quaker City. The result of that trip was *The Innocents Abroad*, a travel book unlike any that had gone before it. Irreverent and irrepressible, Twain pokes fun at officious tour guides and offensive tourists alike. The book offers a glimpse of a major writer when he was young and just beginning to flex his muscles, and also serves as an enduring no-nonsense guide for the first-time traveler to Europe and the Holy Land. The trip stimulates Twain to meditate on how the "new world" is different from the "old" and engenders reflections on what a society must be like to be thought of as genuinely "civilized." *The Innocents Abroad* is alternately profound and profoundly entertaining. Twain may find himself exasperated or exhausted--but the story he tells is never dull. It is no wonder that the book was a hit on both sides of the Atlantic.

## **Book Information**

Series: The Oxford Mark Twain

Hardcover: 786 pages

Publisher: Oxford University Press (December 5, 1996)

Language: English

ISBN-10: 0195101324

ISBN-13: 978-0195101324

Product Dimensions: 8.8 x 2 x 6.8 inches

Shipping Weight: 3 pounds

Average Customer Review: 4.3 out of 5 stars 489 customer reviews

Best Sellers Rank: #684,320 in Books (See Top 100 in Books) #82 in Books > Travel > Africa > Egypt > General #424 in Books > Travel > Middle East #1197 in Books > Literature & Fiction > United States > Anthologies

## **Customer Reviews**

Interesting variation on Twain's normal humor. Get out your maps and your magnifying glass as he travels around 19th century Europe, the Med, and the Holy Land. You've heard of large print editions? This is a microscopic print edition...like 6 pt type, but I forgive it because the book is really cheap. Twain pulls no punches, does not suffer fools gladly. The contrast of many places with today's conditions in that part of the world is interesting. Of course some places and some people really haven't changed that much...I don't pull many punches either.

I feel like an idiot saying that a book by Mark Twain is boring or bad, but I just couldn't stay interested. To be fair, the style of writing from the 19th century was difficult to stick with. Also, I gave up on the book just as they got across the ocean to Gibraltar--still very much in the beginning of the story. It is not an easy read because of the old-fashioned style of writing, and because what was humorous then is not now. Sorry Mr. Clemmons.

Twain accompanies and makes humor of a group of wealthy folks who charter a ship and travel thousands of miles from New York to Europe and the Holy Land...and other places. It is a true story of a trip that really happened...it was Twain's first book and it made him wealthy. It sold more than any other of his books in his lifetime. An example of the humor: Twain was at the Sea of Galilee and wanted to ride in one of the boats some Arab fellows rented out there. The price was high...so high that Twain said now he knew why Jesus had walked across the water.

As other reviewers have said, a very funny and entertaining read, though you have to allow for the social climate of the day in his views of non-Whites, Catholics (who he probably saw as non-White as well), and Muslims. Both as a travel tale and as a window into the world as it was 150 years ago, a book I'm glad I read. It was fun to read about some of the places where we had just been in Italy and France. Hard to imagine such a trip in a world without phones (mobile or otherwise) or automobiles. Twain has much hilarious commentary on the sites, people, and his fellow travelers. And he isn't afraid to call it like he sees it. He also says many howlingly awful things, particularly about the impoverished Arabs he encountered along the way.

Really, probably my all-time favorite Twain. This must have been the freshest and most truthful look at Americans traveling abroad that anyone had ever seen or read at that time. Think "The Ugly American". However, what I found most surprising is that his comments about local culture ring true through to today. It's not disparaging or condescending (well, maybe a little towards his fellow travelers), just observing. Some reading it today may feel a little uncomfortable in this politically correct society we've created.

A fantastic travel book. Whether you've been to the places Mr. Twain describes, or plan to go there - you will find something fun and exciting in this book. His descriptions of the places are hilarious and realistic, and still ring true 150 years later. But I think the best parts are the little stories about his personal journey and insights. Highly recommended for anyone who likes to travel, to learn more

about the world, or simply likes a good chuckle. This edition read well, and the illustrations add a nice touch - kind of like cartoons in the New Yorker.

Mark Twain rocks -- that's all there is to it. If you want to pep up your English or just enjoy a book written in the most colorful English ever written -- start here! Mark Twain is the master: "...there was still room to turn around in, but not to swing a cat in, at least with entire security to the cat." It is a long winded book, with details about Jerusalem and Turkey. It is full of anachronisms, and they may be construed as racist even. Despite them, it's good to see an old book like this and peer into the past. It's a long one though, so plan more than a few sittings to get through this one.

Amazing how accurately Mark Twain penned this, for today. Though written 150 years ago about fairly affluent people on a mediterranean cruise, it's full of very (sometimes too long) prose regarding many of the most famous area in the world. He clearly sees, and shows, the arrogance of most Americans when they travel abroad, but also the adventurous spirit that makes Americans the greatest travelers on the planet. He wrote the book as a series of newspaper articles, his extremely long descriptions of places can be forgiven when that is taken into account, for he was trying to describe areas and people to a population who had never seen the area. I had read it once, as a young person, didn't care for it, now read it again after a tour of Hannibal Missouri and a resurgence of interest in Twain. Glad I did, enjoyed it much more the second time through.
