The Sacrifice: A Reverse Harem Fantasy (The Airluds Trilogy Book 1)

Synopsis

Having grown up in a harem as the favourite, if not dutiful, daughter of the ruling Godling, Airsha knew what it was for a powerful man to have more than one wife. But for her to have more than one husband, when she would have preferred none at all, felt like just one more way her fate was being taken over by a vengeful goddess. Rescued by four legendary airling trainers when she escapes the harem, Airsha finds herself drawn into an uprising that has rebels planning to replace the Godling with the Goddess' Chosen One: Airsha herself. But having hidden her magic to avoid being castrated, sneaked out of the harem dressed as her twin brother to learn to fight, refused to become her father's human sacrifice, and broken society's rules by falling in love with not just one unsuitable man but four, Airsha was never going to willingly follow the destiny someone else laid out for her. Not even if that someone was the Goddess of all Creation. Some steamy (but wholly romantic) scenes may offend. Recommended for mature readers.

Customer Reviews

I don't usually read fantasy, but the author has a great imagination and has created this believable world and captivating characters. I can't wait to read the next one!

Bought this over on .com.au, but I enjoyed this book so much I wanted to leave a review for y'all here as well! Oh My Goodness! I LOVED this latest book from Nhys Glover. Such a different story to her past books, but still has that lovely romantic element. There IS a fair bit of steamy sex scenes that I think may shock a few people, but were written tastefully and expressed love between the heroine and her four husbands. Yep! You read that right... four of them. All of them loved and cherished, as much as they in turn love and cherish the young heroine, Airsha. I think this book explores love presented from a slightly different perspective than what is generally accepted as the norm, but really, love comes in many, many different forms. Thank you for another great read! Janxxxx

I was enthralled, and captivated with this beautifully worded story. The concept of a harem of men, in love with a woman, and in tune with her thoughts and needs must strike a secret chord in many a female mind, however our author has found a way to make this a noble and workable theme to the story. No one is a hero, and yet all become one. I was not able to stop reading this charming story, and was sorry to come to the last page. I hope there will be a sequel shortly, as it begs for the story to go on.

Wow! I've been waiting and wondering what would be next for Nhys Glover and this has blown my socks off! Airsha, twin to Airshin and favourite daughter of the Godling. Holder of Air Magic where her brother has none! All daughters of the Godling who show magic are castrated which binds off their magic! Only Airshin's half sister, Mina holder of Fire Magic, died from the castration (at least that was the story). So Airsha has locked down her magic to stay safe. But now her time is up for the priests have declared that the only way to bring back magic to the sons is for the favourite virginal daughter to be sacrificed. Airsha refuses to accept her fate and, dressed as a young boy, she makes her escape. Unfortunately, or fortunately as things turn out, she misjudged the length of the journey and ends up more dead than alive in the Badlands rather than on the coast. She is taken in by four brothers, Darkin and Rama; and Calun and Joran, who are ailing trainers and riders. With them she finds peace and love. But her father does not stop looking for her and the inevitable happens. Things then go from the frying pan into the fire and Airsha's stubbornness in all things comes to the forefront. She questions why a man can have a harem but not a woman? Especially since she loves each of her men for different facets of them. They also love her and would be jealous if she picked one of them over the others. I have never been comfortable with menage situations but Nhys

handles this so beautifully that it seems natural. The action adds to the story and I, for one, can't wait for book two!

A very slow start so slow at least for a while I wasn't sure I was going to like it.... so much info at times, all just from Airsha's pov, which as 1st was far more inner monologue than outer dialogue, and that's a definite pet peeve of mine... but once she escaped the Harem and found her men, I started to finally find my place in the story... I loved the idea that this young sheltered woman had the brains and the guts to strike out in her own and not except the fate her evil heartless has planned for her, what got me was at around 1/2 way thru almost it was like we lost our brave young woman for a while for a stupid reckless martyr willing to die, partly it felt to save those she loved and partly because she just seemed tired of the struggle.... Thankfully her men loved her too much to let her foolishness succeed, I was relieved and thrilled by that !!! But just as my Woooooooooooooooooooo!!! Was dying down, she decided to frustrate me yet again by showing everyone and their brother, just how pigheaded and stubborn, almost to the point of stupidity she could be... Honestly ?! I wanted yet again to shake her or slap her, now sure she was being told all she'd been raised to believe was either false, lies or misconstrued to fit power, greedy godlunds wants but the way she was so dead set against her new role in the world, almost pathologically so ?! I mean she just knew she was right and didn't want to be wrong and DIDN'T want to hear anything to the contrary, I was starting to dislike her for her attitude on that Sure accepting all she was being told would be/was scary and overwhelming but if she just been willing to have an open mind and look at it the least bit logically, it just made soooo much sense, looking at her life and all the things that had happened to her... but deep sigh, for the longest she did everything to deny it all most but stick her fingers in her ears while she screamed lalalalalalalalala at the top of her voice ... Honestly, I just love a strong h who owns who she is regardless the romance genre (PNR, contemporary, steam punk, Time travel, historical, menage, cowboys to bosses, to billionaires to military) I want her to own it, regardless of her age or station in life or hair color or skin color and powerful, seeming weak or meek and especially if she doesn't fit the "normal" standards for beauty (especially then) (I don't care if she's 10 pounds over weight or 100) I want her to own who she is and be proud!! Because she's telling me to do the same when she does and even when what your reading is nothing but pure escapism at its best we all need to be reminded of that Sometimes daily ... but by the end I was loving it all in the times I wanted to bop her upside the head... Shame she could see what so many of them needed like Rama, Calun and Jaron (sadly she didn't spend as much time with Darkin as the other 3) she never had alone time with Darkin for more than a few moments, but she knew what

they needed and gave it,sadly she seemed mostly blind w/herself ...Loved it, works highly recommend it, just would love less words w/ ling or lund too many words had that at the end and Kinglund, godlund, childlings, cliffings , beastlings , aaaaaaaaaaaaaaaaaaaaaaaaaa!!!! soo wanted to scream "MAKE IT STOP"!!!!But loved it and can't wait for more ;)
