Customer Reviews

Sparknotes is a great supplement and learning tool. Highly recommend it. Having summaries of the characters is so very helpful because there are many characters, and they are introduced so quickly. Initially, it can be confusing in keeping the characters separated. We use Sparknotes as much as we can for other books, too.

My daughter had to read this book. The book is written in play format so it is hard to follow at first. I am a teacher so I purchased this for her. It gave a great character analysis and description of each scene!

The Crucible is one of the most outstanding plays ever written. It is a wonderful study in conflict development.

This is a great companion to the actual book. It helped my son understand the concepts.

Good study guide
