Grade Level: 4 - 7

Customer Reviews

Very nice Bible for kids! I got it for both of my granddaughters at age 8 and 10. I also got them the Daily Devotions so they can read a little every day and then research that in their Bible. Easy to carry and the font is a little bigger for them! They love it!

I got this for my 11 year old daughter and she loves it! The dragonflies on the cover are very pretty with a smooth texture. The color is true to the picture. It is a nice purple. And the NIV is easy to understand. A great first big kids bible! Or great for anyone really!

I am not a kid anymore but I loved the color/design on this Bible. It was even more pretty once it arrived! The print is large enough to read with ease. Good font. I LOVE IT!!!! :)

Beautiful bible! My daughter loves it!! The print is not too small. Red lettering signifies when our Lord spoke. Leather cover is very well made. I couldn't be happier with our purchase.

My daughter was super excited to see her new Bible in her favorite color. The purple is beautiful and vibrant as shown in the picture. The pages are thinner than I'd like for a 5 year old, but at least she can read it. Her children's Bible is King James, which is hard for most children to comprehend even though they can read it. Also, the leather cover of the book is nice and feels sturdy. I'll still keep it in the book sleeve that it arrived in to keep it clean.

Wonderful quality and a perfect size. I enjoy finding my 8 yoa daughter reading her bible first thing in the morning.

This Bible is everything we wanted for our daughter's first Bible. She received this after her baptism and she loved it. Beautiful cover with easy to read font and red letters for the words of Jesus.

The size and feel of this bible is perfect for my daughters' to take to their bible study, and would work well for any ages 8 - teen. It's relatively small (about 5.75" X 8.5") The cover is cute, soft, and flexible, and the pages turn nicely. And there are some nice maps in the back, as well as a handy table of weights and measures. I give it 3 stars rather than 5 because it's otherwise very basic - no dictionary or concordance to help them search for key words or topics.
