Needed it for a class. Worked for what we needed.

Book contained answers written by previous students. I have to erase them all!

Vocabulary Power 3 is good book, as its name indicat it power you up your vocabulary by special way of, all exercise come as combo of 10 so that makes easy to study. So I advice to buy this book without any hesitation.

I have used this book for several private students. It is very good for use in class as well as review homework. The quiz every three chapters is also a very good review. We usually do one chapter every class (as well as other class work).

Many, many exercises to practice using these new vocabulary words. I've put many of them online for them to do at home so that I don't have to waste valuable class time going over the answers. Great way to learn academic vocabulary!
