The Fantasy Baseball Black Book 2017 Edition (Fantasy Black Book 10)

Synopsis

The 8-time #1 best-selling fantasy sports author on the Kindle Store is BACK IN BLACK for 2017! Joe's concept of Relative Position Value works for any fantasy format with any number of teams. With the Black Book, they get the full instruction manual. --Steve Gardner, Senior Fantasy Editor for USA Today Sports, Tout Wars

Reading Joe's work is sort of like being in on a great fantasy baseball secret. You'll go into the Black Book experience touting ADP, and leave it embracing RPV. --Nando DiFino, Executive Producer FNTSY Network, Tout Wars

RPV takes that one step further and provides a simple but powerful framework for adapting positional adjustments to any league format or depth. I'll be reading the Black Book in detail leading up to my drafts this year, and hope my opponents haven't heard about it yet. -- Cory Schwartz, VP of Stats for MLB.com, Tout Wars

Fantasy baseball expert Joe Pisapia is a member of the expert Tout Wars Fantasy Baseball League and the creator of the revolutionary player evaluation tool Relative Position Value (RPV). He hosts The Fantasy Black Book Show and On Target Fantasy on FNTSY Network Radio, appears regularly on FNTSY Network TV and has hosted for SXM Fantasy Sports Radio. His Fantasy Black Book is the fundamental alternative to the stale content, recycled player rankings and glossy photos that dominate so many fantasy baseball sites and magazines at half the price. In 2017, he has returned with complete RPV percentages for all players in points and roto leagues, as well as RPV per Dollar for DFS players and auction league drafts. The NEW and expanded 2017 Fantasy Black Book features include:

- *Over 500+ Player Profiles with complete Points and Roto League RPV
- *2017 Draft Strategies for ALL formats including snake, auction and dynasty
- * DFS Strategies and ALL NEW RPV per Dollar Analysis
- *All Over/Underrated Team of 2017 & The 5 Burning Questions in Fantasy 2017
- * Top Prospects for 2017 and 2016 MLB First Year Player Draft Recap

Black Book philosophies on roster management, making trades, being the commish and much more. Pisapia outlines a comprehensive approach to planning, scouting, drafting and managing your fantasy team. He also introduces a revolutionary new statistical approach that helps simplify the measuring and comparison of fantasy player performance both within and across positions. Whether you're new to fantasy baseball or a grizzled veteran looking for a leg up on the competition, the Fantasy Black Book is the place to start.

Customer Reviews

Fantasy Baseball season starts when Joe drops the Black Book!! The author Joe Pisapia, who can be heard everyday on the fantasy sports radio network, Gives any fantasy baseball player tools to become more successful. He gives you a easy way to properly rank your players based on their value to their position. RPV!! It has changed the way I rank my players, When draft day comes. I am 100% ready by just following my tiers. Want DFS? Joe does that too. He gives you tools that you can put to use as your everyday process when you are trying to create that winning line-up. Doesn't matter what your skill level is. This book is for you

Joe Pisapia is one of the most knowledgeable and enthusiastic minds in the industry. The timeliness of the Black Book series always marks for me, a time of year that I've spent the last few months waiting for... the true start of the fantasy baseball off-season research. Pisapia's work introduced me to the concept of Relative Position Value, and it was this concept that finally landed me a championship in my deepest and most challenging league. The concept is simple, and for me it clicks. If you're looking for an edge, this is the resource for you.

Very pleased with this product. The electronic (eBook) price, made my purchase worthwhile. Even if you are not into the analytics, there is good information for both the newbies of fantasy baseball,

and for passionate veterans. There is insight and reminders for those of us who could use some re-grounding, in basic practices and league etiquette. I enjoyed the chapters regarding the art of the trade, and a review of the first year player draft.

Black Book shares great insight into all fantasy baseball strategies and players. Definitely feel the RPV method gives you an advantage evaluating players during prep and inside the draft room. Can't beat the info for the price. Will buy every year!

Awesome as usual. This book gets better every year! The ideas that the author throws out there will totally transform the way that you think about your fantasy baseball draft.

Clear, cogent opinions and ratings on players from both a Roto and a points perspective. Sound strategy based on positional scarcity (or lack thereof.)

I like the strategy of RPV in the sense that it has legitimacy to it. This year's book hardly changed and I wish there were ADP info to go with everything. Otherwise, ok.

okay, not too insightful, but baseball is a long daily grind and there will be ups and downs for every team and every player.
