The Grenadines: St.Vincent To Grenada (Caribbean Charts)

Synopsis

Imray Laurie Norie & Wilson Ltd was formed in 1904 when three private chart publishing firms amalgamated. Each of these London companies had a long history going back to the mid-18th century. James Imray and Son published an extensive list of charts and pilot books. RH Laurie and Sons was associated with charts published for the East India Company. Norie and Wilson, founded by JW Norie, whose Nautical Tables are still supplied to navigators across the world, produced charts and books on navigation and sold nautical instruments. Until 1939 we were based in the City of London, where long serving cartographers produced charts from copper plate engravings which were supplied to mariners throughout the World. For over a century Blueback Charts were the first choice of many shipping companies. Now based in St Ives in Cambridgeshire, Imray charts are produced digitally for printed and electronic editions by our drawing office team. Our catalogue of yachting charts is regarded by the sailing community as the most comprehensive available. Imray Charts provide coverage of popular areas on sheets specially designed for the needs of yachtsmen. The charts contain large scale port insets in addition to all the small craft information. Imray charts are printed on Pretex, a partially synthetic paper, which folds well and is durable in damp conditions. It may be drawn on in both pencil and ball point pen.

Book Information

Series: Caribbean Charts

Map

Publisher: Imray, Laurie, Norie & Wilson Ltd (December 1989)

Language: English

ISBN-10: 0852883277
