Moon Spotlight Charleston And The South Carolina Lowcountry

Synopsis

Moon Spotlight Charleston and the South Carolina Lowcountry is a 150-page compact guide covering the hospitable city of Charleston, and Beaufort and the Lowcountry including Hilton Head Island. Author Jim Morekis offers seasoned advice on what sights are must-sees, and he includes maps with sightseeing highlights so that planning your time is easy. This lightweight guide is packed with recommendations on sights, entertainment, shopping, recreation, accommodations, food, and transportation. Helpful maps make navigating the "Holy City" of Charleston and the Lowcountry uncomplicated. Moon Spotlight guides are affordably-priced, lightweight guides covering a smaller geographic region than Moon Handbooks or Outdoors guidebook series. The travel content in a Spotlight guide is pulled directly from individual chapters of larger Handbooks or Outdoors titles, with no introductory information (such as When to Go or Planning Your Trip), and no indexes. The results are compact guides to popular destinations that provide travelers with what they need to explore a specific locale in depth with fewer pages of very focused information.

Jim Morekis grew up just a stone's throw from South Carolina's Savannah, Georgia; and he's used to Charlestonians regarding his hometown as a wayward little sibling. He has traveled up and down the Carolinas and continues to find new spots and things to do on this historic and hospitable stretch of coast. Jim's favorite Carolina pastimes include relaxing on Edisto Island, climbing lighthouses on the Outer Banks, eating shrimp and grits in Charleston, playing

miniature golf at Myrtle Beach, and walking through old cemeteries. Jim works as a journalist and travel writer, and in his spare time enjoys going shopping with his wife Sonja and daughters Sophia and Alex on Charleston's King Street. --This text refers to an out of print or unavailable edition of this title.

I cannot overstate how helpful this book is for navigating and planning a trip. It gives a concise history of Charleston, and contains a surprising amount of useful, wittily-written info for the serious traveler. The book is broken down by geography and a handy series of sections on what to do and where to go. I will be buying more books from Mr. Morekis, because he helped me plan the best Charleston vacation for my needs.

Used this guide almost exclusively on a recent 5-day trip to Charleston. The recommendations for both attractions and places to eat were quite good and completely accurate. We did not use the hotel recommendations since the hotels in downtown Charleston are all quite expensive. If driving it will save a lot of money to stay outside the downtown area and just park the car in a garage once you get there.

Jim Morekis writes for our Savannah "Connect" weekly newspaper and we always read his articles first because they are written with candor, humor and wit. He's a great writer and brings his talent to this Moon guide. It is thorough and interesting. We used it on our recent two day excursion to Charleston and found it very helpful.

great

Well done; definitely an insightful local view.

Very informative and interesting. I enjoy my visits to the low country every time I go. The food is the best and so is the sightseeing!

Very nice guide book with lots of detail. Moon always seems to put together a concise report on whatever area of interest.

This is a great book to guide you around the low country - let you know what it is that is most

important about the area
