These books are so fun for early readers. My son at 7 wanted to read all of these as they came out. There are a fair amount of pictures but feels like a chapter book. There is lots of comedy in this series. Geronimo Stilton always has a quest that he has to help save his family of mice. Very cute stories. Highly recommend.

My kid love this book. Every night my spouse read it and he enjoy it. Is a very nice book to develop kids reading abilities.

We found the Geronimo Stilton books on vacation at a thrift store. What a wonderful find! My 9 year old has since read the whole Kingdom of Fantasy Series and moved on to all the other Stilton books he can find in our school and public library. The way they are written and illustrated makes them really fun to read.

PERFECT! WE LOVE!

The good: If your child loves Geronimo Stilton, they'll love this book. It's a good story that even a parent will like. The bad: You really need to read the books that come before to really be able to appreciate the story. I highly recommend all the books in this series.

What more can I say great book that is enjoyable for everyone.

My 8 year old son has read all of the Geronimo Stilton Kingdom of Fantasy books and loves them all

My grandson loves this book series. He's 8 years old
