# Beautiful Music For Two String Instruments, Bk 1: 2 Violins

## **Synopsis**

The study of string instruments should include ensemble playing at the earliest possible stage. There is much to be gained from the playing of duets. Each player learns how to listen to the other, and in a short time develops an awareness of balance, musical phrasing, intonation, and tone quality. This type of training is excellent preparation for participation in large groups. These four volumes of duets for two violins will help fill the need for early ensemble experience in the public schools. They should be used in string classes as a supplement to any of the standard string methods. They will also encourage music making outside of the school, with parents or with other students. These duets are ideal for recitals in the public schools and in public school festivals. They may be played by two performers, or by multiple performers on each part, with or without piano accompaniment.

## **Book Information**

Paperback: 32 pages

Publisher: Alfred Music (March 1, 1985)

## **Customer Reviews**

I am a band music teacher but play cello for my own enjoyment. This book has a nice selection of musical duets - not just etudes - practicing first and second positions. Some pieces are shorter but the fingerings are marked so each one is a gem. Nice supplemental music. Highly recommend.

I have this book in multiple instruments and I like it. They have a few arrangements of classical compositions and they seem to hold my students' attention. I just wish it had more familiar pieces. It is still good for teaching/learning various bowing techniques.

this is a great book to help with counting and playing with another person. My 2 sons use it one plays the cello the other plays the violin (he can read both bass and treble clef) and they have fun playing especially when they play through once and then switch parts it is like a game to them .

I bought both the cello and violin versions of this book to use violin/cello duets. The songs are good for intermediate level students.

Bought for my children. They love the book.

Playing Violin duets with another is great fun and this book does a good job at picking easy to hard songs to play together. I highly recommended it for newer Violinists.

Very happy with this purchase.

happy with the book and service
