Customer Reviews

I was born in Dunedin. I loved to wonder along the wide beaches and cycle around the beautiful harbor. It wasn't until I left New Zealand and spent the next 20 years living in a number of different countries, that I realized this little city at the bottom of New Zealand had so many unique features. It has an amazing diversity of scenery, but the man made attractions are now becoming the tourist attractions they deserve to be. A 1990s travel survey conducted at the country's main international airport asked departing passengers what they liked most about NZ. Seventy percent of the responses declared Dunedin was one of the highlights of their NZ visit.

The book itself is not incredibly professionally "laid out" on the inside. Just a picture and a short description/story on each page with a historical fact about Dunedin or a surrounding town. However,

the stories are great, and it's an excellent little book to find out more about the history of the area and its people.
