Bad Faith - A Harper Ross Legal Thriller

Synopsis

In the tradition of John Grisham and Michael Connelly comes a story about an attorney who is not afraid to break the law to expose evil. A transgendered youth accused of a brutal murder... An attorney on the brink of self-destruction... Attorney Harper Ross is at the end of her rope. Her former client, John Robinson, who she walked on a technicality, went on to kill again. John's second victim was a young, vibrant mother of two. After suffering with the devastating guilt about the evil that she unleashed back onto the street, Harper retreats to her old haunt, a bar called Charlie Hooper's, as she confronts her old demons. Before she has a chance to completely drown her sorrows, Harper is called to defend Heather Morrison, a transgendered youth who is accused of killing her mother in cold blood. Heather insists that it was self-defense; Harper has her doubts. As Harper gets further into investigation of the case, she discovers an evil beyond anything that she knew was possible. Her investigation of a church leads her to a Reverend who preaches hatred from the pulpit and possibly more. Harper gets closer to the truth, yet further away from proving anything in a court of law. Her case seems to be sinking, and nothing can possibly save it. With hairpin turns and twists you never see coming, *Bad Faith* is a fast-paced legal thriller that's not to be missed. Â Â Â

Customer Reviews

I loved it!!! I have read every book by this author and have never been disappointed. Great legal thriller that I just couldn't put it down. I would want Harper Ross as my attorney if I was in need of a criminal defense attorney. Can't wait to read the next one...with the teaser at the end for the next one I am hooked!!!

It's a well deserved title for this can't really put down legal thriller. Once you read the first sentence you are hooked in the nicely written story. I hope Book #2 is as good as Bad Faith. The only thing I didn't like was the bad language but other than that, for me, it was a roller ride-type kind of story.

Love this new writer of legal thrillers! Her approach is very studied and lucid, the tension is high where it needs to be and the story is compelling. I'll read the next one of her books as soon as available.

This is the first book that I have read written by Ms. Jacoby and I must say it was a fabulous read. I'm hoping there will be more of the Harper Ross series. Don't miss this book!

Great plot line for about 3/4 quarters of the book. Then the Author either ran out of ideas or decided to end the book. I could have written the ending myself. I was disappointed.

I had to keep reading, had to see what came next after reading each chapter. The suspense and mystery was engrossing. Harper is a character I want to continue to read about. Recommend this novel without any hesitation!

Excellent plot but the author is 'too wordy'. She describes non-essential items (such as a house, a drive, or duplicate issues with her children). The length of her books should be shortened.

Not sure what to think about this book. Harper Ross has some issues and character was hard to read. Next book looks better
