Customer Reviews

I bought these for my granddaughter who is studying Egypt and quit taken with the history of the country. She was completely surprised that I found something like this and quite pleased.

There are only 4 tattoos in this book. They're bigger and a little hard to get on little arms and legs (kids). The art and color is very nice and there is a lot of detail.

I thought this was a book of tattoos. It is actually a set of temporary tattoos. I think the product details should have said what gods and goddesses were included. I was looking for Bast and she was not in it. I was disappointed.

this product is in the book section and says 'paperback' as though it is a book .what i received was a couple of kids temporary tattoos.This is a joke.
