Customer Reviews

Utah contains nearly 10 million acres of wild country, including 801,000 acres of designated wilderness areas and vast tracts of lesser-known but equally wild roadless regions. In this guide the authors share the extensive knowledge they have gained visiting these remote places. Cunningham and Burke have explored and researched 45 of Utah's finest wild areas. For each, the authors give a thorough description of the land, its ecosystems and habitats, and its possibilities for exploration and recreation.
