Desperate Covenant (Dying Covenant Trilogy Book 2)

Synopsis

Zoe Lake-Winters knows about paranormal entities. She's fought so many she's lost count. When zombies rise and come for her daughter, though, Zoe realizes that she's about to encounter a terrifying new world that she can't control or understand. Word has gotten out that Zoe and her husband Aric's twelve-year-old daughter is about to come into her own. As Sami's mixed heritage — half mage, half wolf — comes to a head, outside factions have decided they want the child to use for their own devices. Zoe and Aric know they're facing a tough battle, so they agree to go to the annual wolf pack meeting in Northern Michigan. Zoe isn't keen on the idea — Aric has wisely kept her separated from the wolves, after all — but they're desperate for help. Zoe knows right away that she's not going to play nice with a bunch of overbearing wolves with ancient ideas about gender roles — many of whom blame her for Aric's estrangement from the pack — but she's willing to put up with it for Sami's sake. All of that changes when a new wave of attacks hits — and this time Zoe realizes she might be trapped amongst the enemy. Zoe won't conform, and when it comes time to ask for help, Aric refuses to bow to the pack wishes. Of course, sometimes those who believe they have power are fooling themselves. Zoe knows she has power, and in the end, she'll be the one with the upper hand. Unfortunately for her, Aric and Sami might not be so lucky. A big fight is brewing, and while Zoe might have the strength to fight the war, she can't do it alone. Disagreeing factions are going to have to come to a meeting of the minds, because otherwise no one will be left standing.

Customer Reviews

I rated 5 stars because every summer I wait for the next three books. My summer becomes magical and I enjoy every page reading in a frenzy because these books are seriously addicting. I am never disappointed and the only regret I have is when I finish a book knowing that I am closer to the end.

Ms. Lee is snarky, devious and oh so entertaining. When I read her stories, I become immersed in the characters, the action and the drama while laughing out loud. To me, these books are one of the high lights of the summer and eagerly awaited each summer. The sign of a great author is the ability to draw the reader in and Ms. Lee does that from the first page. Try one of her books, it's like a Lays potato chip slogan, you can't stop with one. Buy now and enjoy.

This is a really good book that I highly recommend! The characters are interesting and it easily kept my interest. My only complaint is that I wish it was longer! I would think the story was going in one direction and then it would end up somewhere else. Very entertaining.

Three cheers for Amanda Lee! I love all her books. They are funny, exciting, sexy and have a real sense of family. Her characters are all about loyalty and families and friends. I absolutely love some of the dialogue, they make me laugh out loud and have convinced my husband that I've gone nuts!

You have no idea how much I enjoy your books. With the Covenant line, as well as the witches let us not forget the Grim ones too. Thanks to and other fun, well written blended in the Covenant line excellent as always. Got a charge of of Big For too. Many thanks W

I love the the world and characters in this series. Frankly I love every book that I've read from this

author. Zoe, Aric, and their daughter Sami form a very loyal family with a quirky sense of humor. I love the way they react with each other. It is a continuation of the Covenant College series and Living Covenant Trilogy.

It was not disappointing. It is as good as all the rest of her books. I enjoy all of Amanda Lee books.

This book was even better than the last!! I can't wait for the next one to come out. I liked that is not just a new threat this time but that is linked to the last book. It makes it more interesting to me. I can't wait to find out what happens with this threat in the next book.

The books and stories just keep getting better. Once I start one, can't put it down. I may at some point have to clean but not today!!!!
