Fodor's Montreal & Quebec City 2015 (Full-color Travel Guide)

Synopsis

Written by locals, Fodor's travel guides have been offering expert advice for all tastes and budgets for 80 years. Montréal and Québec City are treasured destinations for American travelers: a corner of France in North America. This guide, with rich color photographs throughout, captures the French-speaking cities' universal appeal, from sidewalk cafés to winter sports and traditional French cuisine. This travel guide includes:

- Dozens of full-color maps plus a handy pullout map with essential information
- Hundreds of hotel and restaurant recommendations, with Fodor's Choice designating our top picks
- Multiple itineraries to explore the top attractions and what's off the beaten path
- Major sights such as Basilique Notre-Dame-de-Montreal, Parc du Mont-Royal, Mont-Tremblant, Musée des Beaux-Arts de Montreal, La Citadelle, Fairmont Le Chateau Frontenac, Tadoussac, and Plains of Abraham
- Side Trips from Montreal including The Laurentians, The Outaouais, and The Eastern Townships
- Side Trips from Quebec City including Cote-de-Beaupre, Ile d'Orleans, and Charlevoix
- Coverage of Montreal and Quebec City

Product Dimensions: 5.2 x 0.7 x 8 inches

Shipping Weight: 1 pounds

Average Customer Review: 3.9 out of 5 stars 19 customer reviews

Best Sellers Rank: #785,464 in Books (See Top 100 in Books) #21 in Books > Travel > Canada > Cities > Quebec City #29 in Books > Travel > Canada > Cities > Montreal #50 in Books > Travel > Canada > Provinces > Quebec

Customer Reviews

This is a good guidebook in that it has what you would expect to find in a guidebook -- suggestions of where to go and what to see, and descriptions of sights, hotels, and restaurants. Hours, pricing, website addresses, etc. One thing that was missing from this guide was any mention of where to park when going to the sights or restaurants. Also, we found that the map that comes with the guide is not very useful. You are better off getting a map from the Tourist Office once you arrive in

Montreal or Quebec City, or purchase one at a gas station.

The best maps in the city of Montreal. In the hotel/restaurant reviews they missed quite a few good restaurants. I felt that they should have added more. They obviously did not like the Latin Quarter. This had the best maps in the city of Montreal - we were not in Quebec city. I felt they missed many good restaurants and glorified a hotel or two. They mentioned one that had a fabulous lobby of art work. We stopped in and there was one free standing piece..that is all! They obviously did not like the Latin Quarter, which has the students, and is "artsy". We loved it! Great food, interesting people. Very good book over all.

Just returned from Quebec and found this guide useful and up-to-date. I did cut out all the Montreal pages to make it about 1/3 the weight and size it was when new. I know...that seems dumb but I wanted to keep the weight down and have something easy to access for walking around. Anyway, if I go to Montreal I'll just stuff the additional pages in my bag. Anyway, this guide provided plenty of information for our 4 day visit without overwhelming with useless information. BTW, if you haven't been to Quebec, it is a most beautiful and unique place...really like being in a small city in France where everyone is friendly and speaks both French and English. It's very accessible from the USA but be prepared to walk up and down streets with hills. Don't forget to take this guidebook with you.

It had great information about certain attractions, but I found the map very difficult to use. It would have also helped to have a map of all the underground stores and locations. I had a very difficult time navigating this city

Two really great cities in Canada and these books are wonderful in helping you plan an excellent vacation.

I travel extensively and this book is a waste of money. When I purchase the newest edition, 2015, I expect it to be up to date. It is not. Fodor's state "At this writing, the exchange rate is US \$ 1 to C \$ 1.05, nearly at par." On Jan 1, 2015, the CAD was .86 to the USD. This kind of bad information can get a traveler in trouble. I have numerous other issues with this travel guide. I expect a travel guide to be a one stop shop. As of the date of this review, the e book is more expensive than the e book????? Paperback price is \$15.15 while the e book price is \$15.99. An e book is cheaper to distribute yet has the advantage that the publisher can change errors immediately. The book did

contain useful information it has enough problems that I have to go on the web to find information I need before making a final decision. It is anemic on public transportation. When it lists an area or restaurant, they do NOT give you the closest bus or metro station. This is vital when traveling. Again you have to get on the web to find this data. I expect the guide to contain a bus and metro map. It doesn't

Pretty confusing layout, I honestly like Lonely Planet better - I actually went and bought Lonely Planet after being frustrated with this one.

It was well written. Descriptions were brief but accurate. Very handy reference book
