Customer Reviews

Just what I wanted. A good detailed map of Australia for trip planning. It is nice that the whole country is on one side, so we can put the map on the wall while we plan.

A beautiful map which far exceeded my expectations. I have a DK book of Australia and this map is the perfect supplement. We will be there for a full month and I am sure the map will prove to be indispensable.

Too little detail and no blowups of cities or points of interest. Back of map blank, could have put it to good use adding more information. Had to buy additional local maps.

All Michelin Maps are worth every dollar and hold up well to road trips

Michelin maps are the best.

Received. Thank you very much.
