Shade (The Last Riders Book 6)

Synopsis

Want, need, pain, and joy were emotions Shade had never known existed before Lily. He knew the first time he saw her face that she was going to change his life forever. The thing he hadn't expected was how hard it would be to hide who and what he was from her. Each step he took out of the shadows revealed more of himself, until only one secret remained. Shade arrogantly believed he could help heal the wounds from her past, but now it was his own past that was trying to tear them apart. To keep Lily, Shade would have to use the very skills he had been trying to hide from her. The skills that made him a killer â a soulless monster.*WARNING* This work of fiction is intended for mature audiences only. All sexually active characters portrayed in this ebook are eighteen years of age or older. Please do not buy if strong sexual situations, multiple partners, violence, drugs, child abuse, domestic discipline, and explicit language offends you.*NOTE TO READERS* This book is a stand alone story. However, to receive the full experience these books are recommended before "Shade" in the following order: Razer's Ride (The Last Riders, #1) Viper's Run (The Last Riders, #2) Knox's Stand (The Last Riders, #3) Sex Piston (Biker Bitches, #1) Teased (The VIP Room, #1) Tainted (The VIP Room, #2) Shade's Fall (The Last Riders, #4) King (The VIP Room, #3) Cash (The Last Riders, #5) Fat Louise (Biker Bitches, #2)

Customer Reviews

When this book was first announced I have to say, I was nervous that it wouldn't be everything that I hoped. But Jamie Begley went above and beyond my expectations! Shade was one of my favorite characters (along with Viper) from the very first book but he was one of those characters that you loved but couldn't connect with. This book allows us to gain that personal connection we have craved throughout the series and to understand and love even more the man who always remained such a mystery. Shade (the book) goes from that first sighting of Lily and we see certain key scenes from the previous books from Shade's view and while some may have an issue with that, I didn't because I always wanted to know Shade's inner thoughts during those scenes. I have to say that if you have not read the previous books that you think about that before reading this book. The scenes with the other women didn't bother me because we still felt Shade's love and devotion and once he committed to finally pursuing Lily nothing could stop him. Let's give a moment to that epilogue because it was the most beautiful but heartbreaking thing ever written and I LOVED it. Where can I find a Shade in real life? Things this book cemented for me:- My obsession with this series- Shade as one of my all time favorite heroes- Jamie Begley as one of my favorite authors- My absolute hate of Bliss (please Literary Gods get rid of her)- My wish that Train and Killyama become a couple (let us all take a moment and wish for a Last Riders- Biker Bitches book) Things to consider:- Who will win the heart of Rider?- Lucky. Oh Lucky, how I loved you throughout the series but you were knocked off your pedestal in this book. If Willa becomes your love interest I hope you prove yourself worthy in your book because you were kinda a douche in Shade.

I had only read the first book in this series, and I'm glad I did or it would have been really hard to follow. I know a lot of bad reviews are because they claim it's just a retelling of the books before it, but I might have understood it better if I had read those book. It is too long. Plus how many times and different reasons can two sisters that are very kind and sweet, be in danger of others wanting to kill them. Excuse my pun, but it was overkill. It is hard to believe that a girl that suffered physical and sexual abuse would be alright with a guy physically punishing her. That was not believable. I did like the female characters in the book Beth and Lily. The rougher female motor cycle gang members were hilarious. It was an interesting read, but just too much drama.

Let me start by saying that I love the character Shade and his love for Lily. To be honest, I have

read Shade's Fall so many times and always wonder what he was thinking during those time he would watching and waiting. So let me address the elephant in the room...yes the book is filled with shortened version of the previous 5 books, BUT here is the difference and added bonus...it is from SHADE's POV. You get to feel his frustration with having to wait to make his move on Lily. His need to protect what is his and how he would take anyone down who hurts them. There is a huge secret that he is harboring, but to be honest I was not too surprised. The most moving moment is when Lily is having episodes, one at the diner and the other during the fire. Oh my heart broke for Lily and everyone that witnessed it, but especially Shade. So much happened in this book that put a lot a perspective on some of the scenes that happened in the other 5 books. Absolutely loved it. I gave this book 5 stars, because it was a great read, but I still had a couple of issues that had nothing to do with Shade and Lily. 1. The character Bliss...she was annoying and her little outburst left me scratching my head. I won't reveal it, but made no sense to me. I wanted someone finally lay her out and I am not a violent person. 2. Lucky (Pastor Dean) - All his pent up sexual frustrations took it to new level for me. I know that he is getting with Willa, and I cannot wait for it, but please hurry with their story. The more I read about him the more I am finding myself believe that Willa deserves better.

I loved Shades Fall so I wanted to read this book. I like reading male pov, so I dove right in this one. First of all....its a long read. But it is Shades POV from the first time he sees Lily. It also goes through some of the other books (the other Bitches and VIP series that I have not read) from his view. I really liked that. Shade and Lily's story got me when I read Shade's Fall and this book expounds on that. It tells you what he was feeling or seeing during a scene from another book. I LOVED that. Anyway read this book if Shade and Lily are your favorite, like me. I'll continue reading this series because I love all the characters. But this is by far my favorite. Thank you Jamie for writing such great characters!
