World War II: The Illustrated Story Of The Second World War (Classics Illustrated Special Issue)

Synopsis

To mark the 70th Anniversary of the D-Day landings, Classic Comic Store's special issue of Classics Illustrated, World War II, tells the astonishing and horrifying story of the Second World War in comic-strip format. Classics Illustrated traces the chronology of the most costly war in human history from its outbreak to its conclusion, with over 60 million dead, trials for crimes against humanity and a new, terrifying threat over the world: the atomic bomb! The book contains 100 pages - 96 of Classics Illustrated's famous comic-strip re-telling and 4 more pages dedicated to exploring the war further, with fascinating facts, pictures, discussion questions and more. All major events in the war are covered, including the coming to power of Adolf Hitler and the Nazi Party, the Dunkirk evacuation, the Battle of Britain, the Siege of Stalingrad and many more. The book also has biographies of several major war leaders, from Winston Churchill to Erwin Rommel, Dwight D. Eisenhower to Hideki Tojo.

Customer Reviews

I was eight years old when I bought this off the variety store rack in 1962. This republication is on glossy, brighter paper than the original and the original cover is reproduced on the inside back cover. There are contemporary, explanatory notes about the war and a list of movies and books. So it's published for the generation of today's youth. These 2002 notes do not explain why they replaced the cover or any further reproduction notes. That aside, this is a wonderful reproduction. It

has a 2014 copyright held by a Berkshire, UK company. The art is a bit cruder than I recalled but far more comprehensive in covering all the battlegrounds. I'm going to wrap it and give it to a youngster in my family. I see the original selling for \$57+ here but this ten dollars was well spent to reconnect memory to fact.

Excellent. I donated it to our local library as a gift for memorial day.

Well written, concisely addresses main events, figures, and issues. Nicely illustrated.

My 10 year old son is a history buff and can't let this go and re-read it often.

Excellent organization about the war. Pictures and text are educational

Great!
