Claimed By The Orc Queen

Synopsis

Nysia has long dreamed of traveling to a bigger, better place, where she can be herself and learn about the world. The only thing stopping her is the price of passage. She decides to steal what she needs to buy her way, but sheâ™s not prepared for the punishment coming her way when she gets caught. Sabi has enough to worry about without elves sneaking into her warrens and trying to steal from her mines. When a pretty one gets caught trying to make off with some of her prized rubies, she decides to teach the little thief a lesson. What happens when she starts to enjoy her captiveâ™s company?

Customer Reviews

Another wonderful Orc book from Carrie! Just as well written as the rest and I doubt anyone will regret buying this. While the ending wasn't exactly what I wanted (Purely a personal preference and has nothing to do with the writing or content) it was great nevertheless. Like before, I'm really looking forward to more books like this. We need a big female orc revolution! And besides the sex and love, I'm also really enjoying the world building going on.

I was looking for fantasy erotica and Carrie Wilde didn't disappoint. My only wish is that the intimate scenes were longer and there was more scenes between Sabi and Nysia in between the beginning and end rather than just exposition. I hope to read more about Sabi or other orcs in the future. Orcs need love too!

Carrie Wilde delivers again with characters that grow on you and excellent pacing for such a tight story. I had a lot of fun reading this and can't wait to read more!
