My Lost Brothers: The Untold Story By The Yarnell Hill Fire's Lone Survivor

Synopsis

The true story behind the events that inspired the major motion picture *Only the Brave*. A "unique and bracing" (Booklist) first-person account by the sole survivor of Arizona's disastrous 2013 Yarnell Hill Fire, which took the lives of 19 "hotshots"--firefighters trained specifically to battle wildfires. Brendan McDonough was on the verge of becoming a hopeless, inveterate heroin addict when he, for the sake of his young daughter, decided to turn his life around. He enlisted in the Granite Mountain Hotshots, a team of elite firefighters based in Prescott, Arizona. Their leader, Eric Marsh, was in a desperate crunch after four hotshots left the unit, and perhaps seeing a glimmer of promise in the skinny would-be recruit, he took a chance on the unlikely McDonough, and the chance paid off. Despite the crew's skepticism, and thanks in large part to Marsh's firm but loving encouragement, McDonough unlocked a latent drive and dedication, going on to successfully battle a number of blazes and eventually win the confidence of the men he came to call his brothers. Then, on June 30, 2013, while McDonough--"Donut" as he'd been dubbed by his team--served as lookout, they confronted a freak, 3,000-degree inferno in nearby Yarnell, Arizona. The relentless firestorm ultimately trapped his hotshot brothers, tragically killing all 19 of them within minutes. Nationwide, it was the greatest loss of firefighter lives since the 9/11 attacks. *Granite Mountain* is a gripping memoir that traces McDonough's story of finding his way out of the dead end of drugs, finding his purpose among the Granite Mountain Hotshots, and the minute-by-minute account of the fateful day he lost the very men who had saved him. A harrowing and redemptive tale of resilience in the face of tragedy, *Granite Mountain* is also a powerful reminder of the heroism of the people who put themselves in harm's way to protect us every day.

Customer Reviews

"My Lost Brothers is a harrowing story of heroism in the face of natural disaster. It perfectly illustrates the kind of teamwork and camaraderie that informed the legendary squad of hotshots working to save--in this case--their hometown from utter destruction by fire. As perhaps the least likely guy ever to become a hotshot, Brendan McDonough more than lives up to his role after having been taken underwing by Granite Mountain leader Eric Marsh. That he has been able to keep on even keel as the Yarnell Hill Fire's lone survivor, having lost his mentor and his best friends, speaks volumes about his character and is a lasting testimony to the strength of his lost brothers." •Ed Viesturs, bestselling author of *The Mountain: My Time on Everest* "Gear up with Brendan McDonough and his brothers in the elite Granite Mountain crew of wildland firefighters. Suspenseful and intense, *My Lost Brothers* sears to the heart. Nonfiction writing at its best." •Stephen Templin,

New York Times-bestselling author of SEAL Team Six and Trident's First Gleaming
