nice quality

Excellent, full color! And I love that all the Doctors are represented rather than just spotlighting one single Doctor (since I grew up on the older Doctors). Though it did seem a bit of a cheat that the photos from the Hot Topic T-shirts were used rather than creating up new pictures. And I'd really like to see some companions present in the pictures in future calendars.

I had to give this Calendar 5/5 stars because of all the great pictures in the Calendar. 11 Doctors for 11 months and the last being the TARDIS. Each picture for the month gives a brief history on the Doctor and who their companions were. And each picture for a month also has the Doctors enemies. I would recommend the Calendar to any Whovian out there. Allons-y!

This is like a little mini-review of the 2013 series featuring each of the doctors in a different month. January is all about the William Hartnell era, February is Patrick Troughton, etc. etc. I love the graphics and the little overviews of each doctor's time. This really keeps the 50th celebration going.

This is a great calendar. It depicts all the doctors, past and present along with the enemies he has faced throughout the 50 years of the shows production. It's colorful and each month has a paragraph on each doctor up to Matt Smith. If you are a Dr. Who fan, try and pick one up.

This is a nice item to have around for a Doctor Who fan and particularly up to Matt Smith.

Unfortunately Peter Capaldi is not included as the 12th Doctor but this will come. I am glad that all the Doctors up to him are celebrated.

Beautiful pictures! I just have to get used to the week layout as in US it goes Sun-Sat and in UK it goes Mon-Sun. Still doesn't change my mind at the great purchase I made for my 2014 calendar for my desk at work.

I Love This Calendar. Perfect For any Doctor Who fan. It Has all 11 Doctors and a Page Of all the bad guys throughout the series.
