The Dragon King (The Alaris Chronicles Book 3)

Synopsis

Evil is spreading across the Western Continent. One by one, kingdom, king, and wizard are falling under its influence. Dragon King Bakari, Battlemaster Alli, and High Wizard Roland are now powerful leaders in their own right. Differing missions and responsibilities have separated them; Bakari flies north to find the last Dragon Rider, Alli goes south to find the source of the evil, and Roland, leader of the Citadel, finds himself stuck in the magic stream without his body. The Dragon King and his riders always emerge in times of great need – but will their powers be enough? Or will they succumb to the temptations of evil? Each wizard and Rider will be tested – not all of them will pass.

Customer Reviews

TThe saga just got more intense and the intrigue keeps moving. The two prophecies just intertwined and brought more into the storyline. Can't wait for the next books. Which prophecy tale will be pursued?

I really enjoy the innocence of this series. Pretty classic good vs evil scenario, but I enjoy the spirit of the characters. They may be naive (the characters), but I know in the end it will all be OK.

Has been entertaining , good read. Great youngster book, youth can dream. Needed a book to entertain me. This series hit the spot. Recommended to all readers who want a break from the world..

The Alaris Chronicles series comes to a stunning conclusion in the third book in this series by Mike Shelton. In this novel, the evil that had begun to spread in the first two novels begins to become overpowering. The darkness and evil magic is everywhere our young heroes turn. Friends become foes and slowly the trust that had been built up between leaders is questioned. Our heroes, though great in their own magic are continuously tested in their strength, their faith and hope. It becomes quickly clear within the first few chapters, that great sacrifices must be taken in order for good to overcome evil. The Dragon King was fast paced, exciting and full of even more adventure! Our heroes, while so young, are full of faith, strength and courage. You are drawn into their amazing personalities and faith in good triumphing over the evil that is quietly trying to take over the land. In this novel, Bakari and Roland make huge sacrifices to aid in their cause and it left me on the edge of my seat. I was not expecting quite a few of the plot turns in this book! The Dragon King is an excellent, well written novel for young adults and adults alike. You will love the fast pace and adventure filled plot. A definite must read!

I received a free copy from the author in exchange for an honest review. I'm generally not a dragon story person, I prefer my fantasy books with lots of interesting magic. This series did a great job incorporating both together and this final book oozed with awesome magic. The story is well done, the characters are interesting and likable, and it all flowed and came together very well at the end. I would like to see more books come from this world that the author has created and brought together here at the end. The Cremelino Prophecy characters came nicely into this series and I hope to see more spinoff series from this world. I think it has a lot of potential especially the concept of the magic stream. That could make for some awesome series in the future. I liked this series a lot, not as much as The Cremelino Prophecy but was a good, easy reading series. Give it a shot.

One of the first things that struck me as I read this book was how very easily I could feel the

emotions flowing between the characters. Whether it was concern, fear or deep. Devotion, this brilliant writer was able to portray those feelings through the written word effortlessly. Only a quarter of the way into this book and the sheer weight of the severity of the task the main characters face is solidly cemented in. The word "Epic" just does not seem to give this series the Justice it deserves. Remarkable tale that I know I will read over and over! Even though this book marks the resolution, I truly hope there will be continuing stories! This voluntary review is based against an advance copy.

The whole Alaris Chronicles series was great I enjoyed reading them from the first book to the last. The series was fast pace and kept me wondering what will happen next every time I put the book down. Very good story line. I would like to read other books by Mike Shelton. I recommend these books to everyone who love reading about fantasy and dragons and wizards. Exciting!!! I received this book in exchange for an honest review. Keep up the good work Mr. Shelton.

Wow, it really keeps getting better. I would love for this to keep on going. Everyone should read the series starting with the blade and the bow and then go through the cremelino prophecy and then this series. Good clean Christian fiction.
